NORTH COUNTY - HOSPITALITY

ABOUT US

HIVE CONSTRUCTION IS A GENERAL CONTRACTING & CONSTRUCTION MANAGEMENT SERVICES COMPANY BASED IN DENVER, COLORADO. WE EXCEL AT DELIVERING PROJECTS ON TIME AND ON BUDGET ALL WHILE PROVIDING TOP VALUE TO OUR CLIENTS.

HIVE Construction, Inc. was formed in 2014 by long time construction industry veterans to provide high quality contracting and construction management services to a variety of customers. With many years of experience managing construction projects of all types and sizes, HIVE Construction brings together honesty, experience, integrity, and vision on each project to ensure it is a success.

WOODHOUSE DAY SPA - HEALTH & WELLNESS

At HIVE Construction we are committed to your project being a success. We can help manage every aspect of your project down to the smallest details.

We love nothing more than delivering a project to our clients when we said we would. We have a proven track record of making that happen, even under the most intense deadline pressure. Our team is composed of true professionals with many years of experience exceeding clients expectations. From our project managers to our master craftsmen, HIVE Construction has built a team that provides our clients the utmost confidence in our ability to finish projects on time and on budget.

Let us manage the details that trip up most big construction projects and provide you with the confidence you need to run your business successfully. Working with us will allow you to focus on other areas of your business while you leave your project concerns in the hands of hard-working, detail-oriented construction professionals.

DENVER FELLOWSHIP CHURCH - HEALTH & WELLNESS

OUR CORE SERVICES

HOSPITALITY

Hospitality construction projects require special attention to detail and often present unique challenges. One of the goals of these types of projects is to distinguish themselves from the competition by incorporating unique elements into their design and construction. One of our key areas of strength is adapting to our clients needs and creatively determining solutions to the most unique projects.

HEALTH & WELLNESS

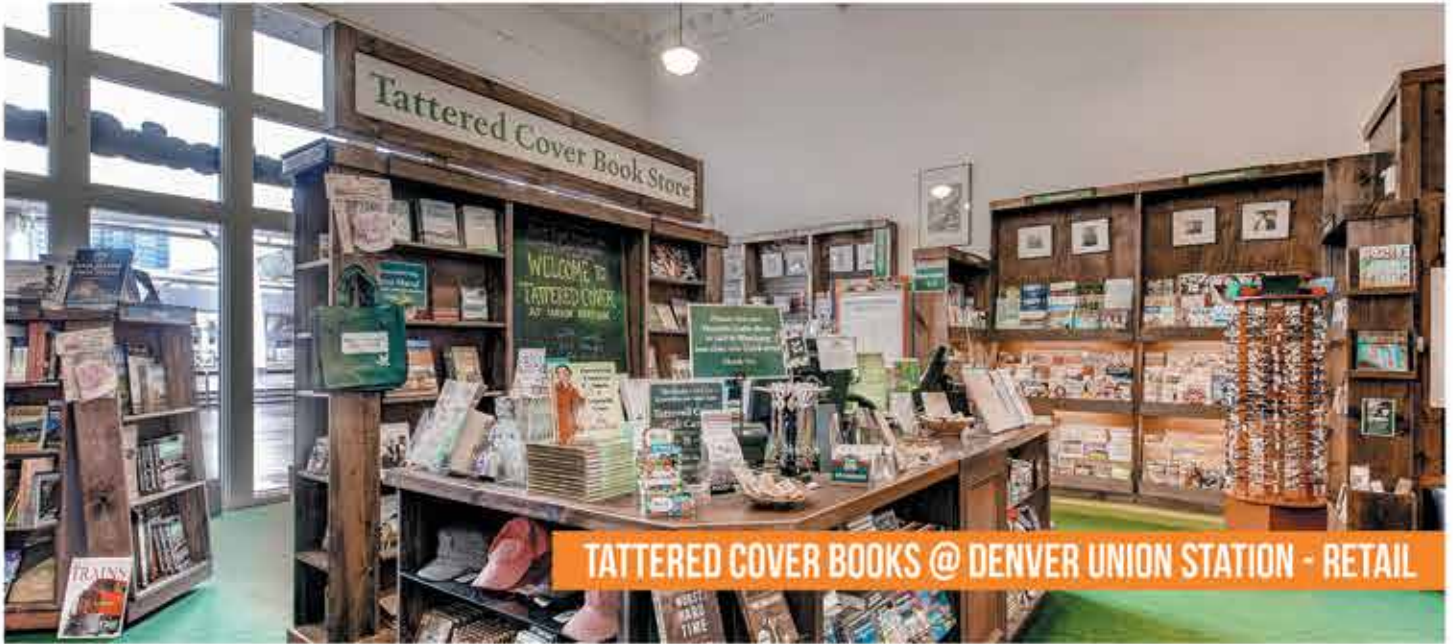

Health & Wellness projects are centered around building a comforting atmosphere for customers to enjoy their health and/or wellness services. Warm inviting colors and textures often provide an added sense of comfort for such businesses to focus on their clients needs. We've worked with various health and wellness providers around Denver to create exactly these experiences that allow our clients time to focus on their clients well being.

RETAIL

Retail centers can have a wide variety of functions and purposes. From large warehouses, distributors, and super stores to small boutique shops, each one requires a special understanding of the goals of the retailer. We develop a relationship with our clients to learn about their unique businesses so we can build a project plan to match their goals and achieve the results that every client desires: a project that is done on time and on budget. This helps our clients get their facility up and running quicker and limits the time it takes to start earning profits.

OUR BUSINESS PROCESS

HIVE Construction uses a homegrown and proprietary process for planning, tracking, and managing even the biggest construction project. We pinpoint how to deliver what our clients demand. Our team all have solid backgrounds in both commercial and residential construction. You get the benefit of experience that's been acquired year after year, job after job.

HIVE CONSTRUCTION, INC. - DENVER, CO 2014 - PRESENT
OWNER/PROJECT MANAGER

CATAMOUNT CONSTRUCTORS, INC. - DENVER, CO 2004 - 2014
CONSTRUCTION PROJECT MANAGER / SITE SUPERINTENDENT

Project Superintendent focusing on retail commercial construction. Daily initiatives include working with office Project Manager to prepare contracts and negotiate revisions, changes and additions to contractual agreements with architects, consultants, clients, suppliers and subcontractors. Also responsible for scheduling projects in logical steps within budget constraints while determining labor requirements. Other responsibilities include interpreting and explaining plans and contract terms to subcontractors and clients who represent the owner or developer. Confer with owners, contractors, and design professionals to discuss and resolve matters such as constructability, function, and final use. Continuously inspect and review projects to monitor compliance with building and safety codes and study job specifications to determine appropriate construction methods.

GRAND TIMBERS PROPERTIES, LLC - DENVER, CO 2005 - 2014
OWNER / BUILDER

Property management and custom home builder in southern Denver. Focused on custom home remodels ranging from \$700K – \$1.2M. Successfully navigate building process from conceptual design through real-estate closing. Interface with subcontractors, owners and design team. Prepare and submit budget estimates, progress, and cost tracking reports to homeowners and capital investors.

M.W. GOLDEN CONSTRUCTORS - CASTLE ROCK, CO 2000 - 2004
CONSTRUCTION SUPERINTENDENT

Supervised all phases of commercial building focusing on water and sanitation sites, public schools, and libraries. Successfully navigated public works sector through detailed plan analysis and active schedule management. Consistently exceeded margin goals and client expectations throughout four-year tenure.

BOWERS CONSTRUCTION - WESTMINSTER, CO 1996 - 2000
OWNER / PROJECT MANAGER

Managed projects for both commercial and residential sites with the responsibility of completing projects in a timely and cost effective manner. Developed business plans and created new business opportunities by actively bidding on upcoming projects. Interfaced with multiple business contractors to agree upon terms and conditions to assure safety and satisfactory service for the client.

RECENT PROJECTS

1 - FELLOWSHIP DENVER CHURCH:

This project featured the renovation of 22,000 sq. ft. of retail space on South Broadway in Denver, CO. The structure originally housed a roller rink which was converted into a motorcycle shop. The entire space was renovated for the Fellowship Denver Church.

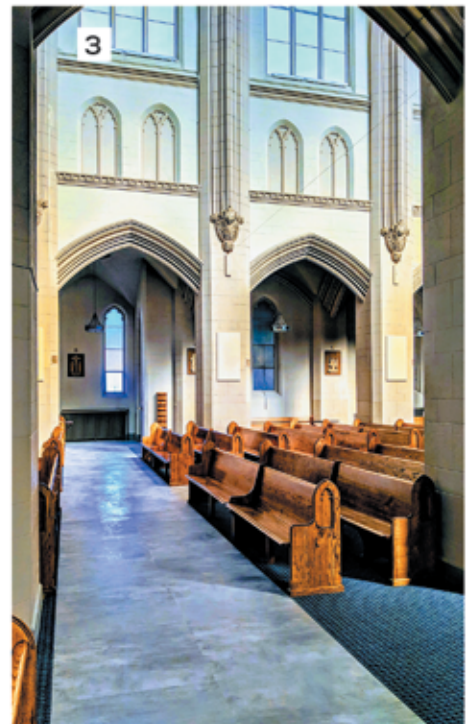

2 - HAND & STONE CASTLE ROCK:

A new mall in Castle Rock, CO provides retail space for a number of businesses including a Hand & Stone Massage and Facial Spa. This tenant improvement project consisted of renovating approximately 3,000 sq. ft of retail space.

3 - ST. DOMINIC CHURCH:

The St. Dominic Church in Denver was in need of an overhaul to restore the facility to like new condition. This project included the abatement of existing floor finishes and installation of other new finishes throughout the church.

4 - SUPER MEGA BIEN:

The rapidly expanding RiNo district near downtown features the new Rambler Hotel which houses the new location of Super Mega Bien restaurant serving Latin American dim sum style cuisine.

5 - 2600 WALNUT ST:

This project renovated the interior of an existing brick building in the RiNo district of downtown Denver to provide shell space for future tenant build-out, including the addition of an enclosed rooftop structure with patio area.
